The Speaker

Dr. Pullen graduated from USC Dental school in 1999 and served 3 years in the Army dental corps in Landstuhl, Germany. He attended the Long Beach VA endodontic residency and graduated in 2006. Dr. Pullen opened a practice limited to Endodontics in Brea, CA in 2007 and achieved board certification in 2013. His hobbies include surfing, JiuJitsu, reading and golf. Dr. Pullen is the founder of rootcanalacademy.com and the 2 Day Root Camp Boot Camp course.

Fotona

Founded in 1964, only four years after the invention of the very first laser, Fotona is one of the most experienced developers of high-technology laser systems, recognized for the design, manufacture, and support of advanced solid-state laser systems for medicine and dentistry. Celebrating 60 years of innovation, Fotona is committed to engineering The Highest Performance, Best Made Laser Systems in the World.

National Dental Innovations

For more than 30 years, NDI has made quality education the foundation of our product offerings. We facilitate world-class product training and ongoing educational opportunities on a perpetual basis and we understand that this is critical to our mission of bringing best-in-class products from around the world to Canadian Dentists.

Through our affiliation with the Laser and Health Academy and other organizations and educators, our clients may pursue various educational programs in Canada, USA, Slovenia, Australia, and Rome culminating with the LA&HA Masters in Laser Dentistry Program.
