

TETHERED ORAL TISSUES DIAGNOSIS AND CORRECTIVE THERAPY

COMPREHENSIVE TWO-DAY COURSE

Nov, 2024

☰ GENERAL OUTLINE

This immersive two-day course will equip you with the tools and expertise needed to diagnose and treat TOTS across all age groups, from infants and toddlers to adolescents and even adults.

Introduction

"Who we are and why this matters"

Diagnostic Protocols

"What we need to know before Treatment and when to treat"

Therapeutic/ Treatment Protocols

"How can we best treat these problems"

Implementation and training

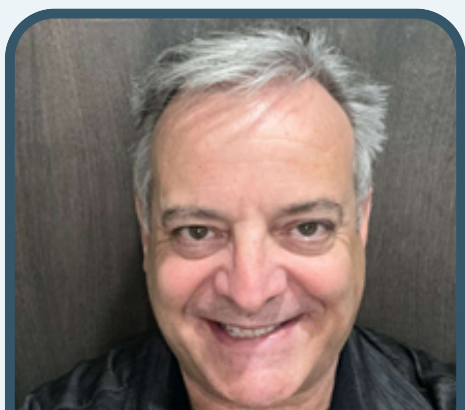

"How to build this part of your practice and train your team"

Join Dr. Philip Hand and Dr. Douglas Hanson for an engaging two-day course designed to enhance your dental practice. With their combined passion and technical expertise, you will gain the essential knowledge and skills needed to effectively implement diagnostic and therapeutic protocols. This training will equip you to seamlessly integrate these protocols into your practice, ultimately fostering better growth and development for your patients.
